

La Chasse

Hunter-gathering for kitchens

At La Chasse our aim is to provide Chefs in the West Country the raw materials they need to cook the dishes on their menus. Yes, we have the foreign funky stuff, which cannot be grown in Britain, but what really excites us is to find fantastic local produce, sometimes grown, reared or produced virtually in your back garden, to offer to our customers.

Some companies will offer you the cheapest and easiest salad leaf for example—grown in Italy or France. We go less miles for a better product grown near Tincleton in Dorset. What could be better or fresher or sound better on your menu. Our flour is organic and is produced near Shaftesbury in Dorset using traditional artisan methods. It's a great product that hasn't been messed about with and produces superb bread.

Creedy Carver ducks - these are, as I keep telling everyone, the best eating ducks in Britain. They are free range and grown in Devon in the hills around Crediton and must have one of the best views in England.

Our Game is second to none and once again sourced from the Wiltshire and Dorset Downs, with much of our venison being Red from Exmoor.

We are a small family business with years of experience. Our intention is to provide you with great products and a great personal service.

We are always on the look out for new local products and will keep you well informed.

Please call Charlie, Catherine, Chris or Sarah on the number below.
